Tebibu Kebede

Learning Plan

1. Physical Spaces for Learning:

- **Home Room:** A quiet and dedicated space in my residence where I can focus on my tasks uninterrupted.
- **Preska Front Desk, where I work:** A secondary location that offers a change of environment, which I find refreshing and can also be conducive to focused learning.

2. Achieving a Productive Learning Mindset:

- **Setting the Scene:** Start by ensuring the learning space is organized, free from distractions, and well-lit.
- **Learning Objectives:** Before diving into the material, I'll clearly define what I intend to achieve from the session, which may be understanding a specific concept or completing a set of tasks.

3. Monitoring Learning Effectiveness:

- **Weekly Review:** Dedicate time at the end of each week to review what I've learned, identify areas where I struggled, and plan for the upcoming week.
- **Feedback Mechanism:** Regularly reach out to peers or our team lead to cross-check my understanding and ensure I'm on the right track.

4. Adjusting the Learning Process:

- **Iterative Approach:** Based on weekly reviews, adjust my learning strategies, and pace, or delve deeper into topics where I feel I need more clarity.
- **Resource Flexibility:** If a particular YouTube video or documentation isn't clear, seek alternate resources or ask for recommendations.

    o 2 PM–4 PM: Engage in discussions, and forums, or reach out for clarifications.

5. Understanding My Learning Style (Bonus Topic from Syllabus Page 9):

- **Preferred Method:** I find that a combination of visual learning (via YouTube videos) and reading (through documentation) caters best to my learning style.
- **Maximizing Effectiveness:** I'll occasionally engage in group discussions or use platforms like Stack Exchange to discuss practical problems to reinforce my understanding.

6. Team Lead's Assistance in My Learning:

- **Resource Recommendations:** Your experience could guide me to valuable resources, especially when I hit roadblocks.
- **Conceptual Clarification:** At times, I might need a deeper understanding or a different perspective on a topic; a brief discussion with you could be invaluable.
- **Feedback:** Periodic feedback on my progress will help ensure I'm on the right path and adjust accordingly.

7. Weekly Schedule:

Monday to Friday:

- **10 AM–4 PM**: School, Lunch, Work
- **4 PM–6 PM**: gym time.
- **6 PM–10 PM**: Work.
- **10 PM–3 AM**: Study, project, or internship apply.

Saturday:

- **9 AM–10 AM**: Self-care (exercise/meditation).
- **10 AM–1 PM**: Review and practice exercises related to the week's learning (Course Work).
- **1 PM–2 PM**: Lunch.
- **2 PM–4 PM**: Reach out for clarifications (course work).
- **4 PM–6 PM**: Project work.
- **6 PM–8 PM**: social time.
- **8 PM–10 PM**: Leisure and self-care.

Sunday:

- **9 AM–10 AM**: Self-care (exercise/meditation).
- **10 AM–12 PM**: Project work.
- **12 PM–1 PM**: Lunch.
- **1 PM–3 PM**: social time or leisure.
- **3 PM–5 PM**: Project work.
- **5 PM–7 PM**: social time.
- **7 PM–9 PM**: Prepare for the upcoming week (grocery, chores, etc.).
- **9 PM–10 PM**: Self-care (relaxation, reading).

I am committed to sticking to this plan to ensure effective learning. Feedback and continuous interaction with the team, especially our lead, will be invaluable in this journey. I'm looking forward to a productive learning experience!
